### PARENT TIME

One of the most important things a parent can do is fight for their child's heart. A heart is a fragile, wonderful thing. And one of the chief impediments to a healthy heart is unforgiveness. So, here's the question this month: How do you encourage your kids to forgive?

Your kids learn as much from example as they do from anything you say. When they see you live out forgiveness, it becomes so much easier for them to forgive. And when they're struggling with

forgiveness, it will be easier for you to walk them down a path you yourself have walked. To hear more about how you can forgive others and impact the heart of your child, check out this month's Parent Link Live podcast on [www.OrangeParents.org](http://www.OrangeParents.org).
